## 2014 MCLE PROGRAM OVERVIEW

Maricopa County Human Services and Maricopa County Human Resources have joined together to provide you with the opportunity to learn more about your local government, community, and environment. By collaborating with many county departments, you will have the opportunity to get an up-close and personal look into all that the county does!

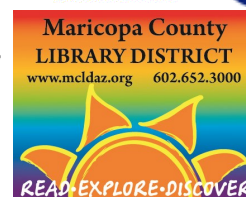

The Maricopa County Leadership Experience (MCLE) is a no-charge, self-directed, self-paced experience with activities, workshops and volunteer opportunities. Participants must be between the ages of 12-17 years old and reside in Maricopa County. Participants are responsible for their own transportation to and from selected activities.

Please pick and choose activities you would like to do and the dates that work best for you. Following the end of the program, August 1st, you will receive recognition from the Maricopa County Board of Supervisors along with a certificate of participation. \* **Please note that some activities have age restrictions.**

### In order to complete the program, each participant must:

1. Select and attend one orientation to receive the materials for the program. You will be signing up for an account to manage your participation in the various activities at the Maricopa County Library District website, [www.mclidaz.org/summer](http://www.mclidaz.org/summer). When you create your account, you will select **MCLE** as your primary library. After you complete each activity you will be given a code to enter into the library tracking system and you will receive a "badge" for that activity. You will also use this website to track your summer reading participation.
2. Complete a minimum of 2 activities in each of the 3 sections (government, community and environment) featured in this packet.
3. Provide a minimum of 10 hours of volunteer services. This packet contains a variety of volunteer opportunities.
4. Participate in the Summer Reading Program offered by the Maricopa County Library District. You must read age-appropriate books. The program runs May 29 to July 26 though you may start any time.

The 2014 MCLE Program is made available through the time and energy of the following Maricopa County Government agencies and/or programs:

Maricopa County  
Human Resources

Equal opportunity employer/program.

Auxiliary aids and services available upon request to individuals with disabilities.

#### **Diversity 3—Generations: M.E.E.T. for Respect in the Workplace (DIV105C)**

For the first time in history, we are working in an environment which encompasses four distinct generations. Because of these four distinct groups, there can or may be a lack of understanding related to the working-styles of the various generations. This course is designed to assist employees with identifying and understanding generational effects in the workplace and how to positively bridge the "generation" gap among our co-workers. The course will explore the diversities and perceptions among multi-generational groups. It will also assist with a plan of action for not only acceptance but an appreciation and respect for those whose work ethics and principles may be different from our own.

#### **Drop by Drop: Managing Micro-Inequities**

Who said you shouldn't sweat the small stuff? What if those small things undermined morale and reduced productivity? Drop by drop demonstrates how the small slights, subtle discriminations and tiny injustices can add up big problems in your workplace! These negative gestures are called "micro-inequities" and they occur in the workplace everyday. These small communications or disrespect, prejudice and inequality aren't overt, but they can be incredibly destructive. A poison in the workplace that isn't delivered in a bucket, but takes it's toll drop by drop.

### Maricopa County Planning & Development Department

[www.maricopa.gov/planning](http://www.maricopa.gov/planning)

Are you interested in a career in public service? Are you interested in construction or engineering? Maybe you would like to be an inspector or plans examiner? Are you interested in urban or rural planning? Do you like working with people? The Planning and Development Department has many career opportunities for you to explore.

#### Customer Service Division

Spend the day with the Customer Service team and watch how building projects are begun, what types of plans are required and what types of issues are dealt with at our Intake Counter. Help our team route plans to the six agencies of the One Stop Shop-the group of agencies involved in approving building projects in unincorporated Maricopa County. This is a pre-requisite for the options outlined below.

#### Opportunities Based on Interest:

This is a great opportunity to discover what aspect of the development services industry interests you! Depending on your interest, you might want to set up an individual session with a plans examiner, an appointment to go on a ride-a-long with a drainage or building inspector, work alongside one of the planners, or attend a public meeting. If you are interested in alternative energy, you may want to hear about all the solar projects going on right here in Maricopa County, or you might want to volunteer to work a day in the Distribution Center.

**Notes:** This is a business environment, so appropriate attire is required. Nice shirt or blouse with slacks or jeans not faded and with no holes. Pants must be worn at the waist. No shorts, t-shirts or flip-flops. Participants must be at least 16 years of age and have the *Waiver of Liability* Form completed and signed by their parent or guardian.

**Date/Time:** Will vary depending on interests of participants. The day with Customer Service will be set up with no more than three participants at one time - dates to be determined.

#### **Vector Control**

Vector Control staff investigate citizen complaints dealing with mosquitoes, flies and non-native rodents. We also enforce and ensure compliance of the Maricopa County Environmental Health Code.

Vector Control inspectors identify routine breeding sites and apply the appropriate treatments. They also perform surveillance activities in their "districts" to identify new or potential breeding sites. We also work in conjunction with State officials in monitoring and testing of mosquito samples that are collected on a monthly basis and tested for arboviruses.

The Vector Control office also provides mosquito eating fish (Gambusia) free to the public, for use in ponds, stock tanks, or any permanent waters a homeowner may have. We also try to educate individuals and citizen groups on mosquito reducing techniques they can use around their home or property to eliminate mosquito breeding. We do this through the use of pamphlets, neighborhood meetings and presentations.

As a MCLE participant you will have the opportunity to observe mosquito identification and lap prep of specimens, as well as observe PCR testing procedures.
